UNIFYING the SILOS of DATA INTEGRATION

- Cybersecurity & Mission Systems
- Digital Transformation & Modernization
- Emerging Technologies/R&D
- Managed IT/Security Services

Silotech Group supports national security missions requiring secure, compliant environments and leverages a highly cleared workforce with experience across DoD and Intelligence Community programs. Headquartered in San Antonio, TX, Cyber City USA, and maintain certifications including ISO 9001, ISO 27001, ISO 20000-1, CMMI Level 3, and CMMC Level 2 (C3PAO certified). Silotech is a SBA-certified Veteran-Owned, SDVOSB, and VetHub-designated business. With over 20 years of experience, we are a prime on eight major IDIQs and are trusted by federal agencies across defense, intelligence, and civilian sectors to deliver complex, mission-critical technology solutions. We support high-impact missions with cyber-resilient teams who deliver secure, scalable solutions with speed, precision, and trust. Our SBIR Phase II work focuses on AI-powered system architecture and data interoperability. These innovations are delivered through XC3, a decision-focused execution platform, and GLASS, the human-centered workspace that drives workflow orchestration and mission acceleration.

OUR SERVICES

We deliver agile, secure, and scalable solutions across four core capability areas: **Cybersecurity & Mission Systems, Digital Transformation, Emerging Technologies & R&D, and Managed IT/Security Services.** Our expertise accelerates data-driven operations, enterprise platform performance, and workforce readiness—built on trust-driven, collaborative client partnerships.

Cybersecurity Maturity Model Certification (CMMC)

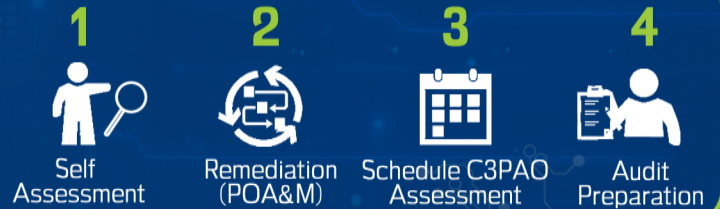

Is your organization prepared?
We can help!

We will assist and support your organization in identifying gaps within your necessary maturity level by:

- Helping you understand which capabilities are currently being met, which capabilities are planned, what needs to be prepared for, and which capabilities are currently not applicable
- Creating a Plan of Action and Milestones (POA&M) to help manage the remediation process
- Managing and providing hands-on remediation for any deficiencies documented in our self-assessment

Silotech is a Level 2 CMMC certified with CCP on staff. We are a **Registered Provider Organization (RPO)** and listed in the CMMC-AB marketplace. As an RPO, we can assist your organization in effectively preparing for the new DoD CMMC standard through these basic steps:

COMPLIANCE ACTION PLAN
